21. In the event of a loss, the insurance hereunder shall be maintained in force for the full sum insured and the Insured shall be liable to pay an additional premium at the rate stated on the policy calculated on the amount of loss on a pro rata basis from the date of such loss to the expiry of the current period of insurance.

23. In no case whatever shall the Company be liable for any loss or damage after the expiration of twelve (12) months from the happening of the loss or damage unless the claim is the subject of pending action or arbitration.

If other Policies on a declaration basis cover the stock hereby insured the declarations shall be made so as to apportion to each Policy a share of the value of the stocks insured under such Declaration Policies, pro-rata to the respective amounts named in the Policies.

In the event of a declaration not being made within the thirty (30) days mentioned above then the Insured shall be deemed to have declared the sum insured hereby as the value at risk.

If after the occurrence of a loss it is found that the amount of the last declaration previous to the loss is less than the amount that ought to have been declared, then the amount which would have been recoverable by the Insured shall be reduced in such proportion as the amount of the said last declaration bears to the amount that ought to have been declared.
5. In the event of a loss occurring the Insured undertakes to pay extra premium on the amount of any loss pro-rata from the date of such loss to the expiry of the period of insurance, the premium being calculated at the rate applicable to the stocks destroyed and such extra premium shall not be taken into account in, and shall be distinct from, the final adjustment of premium.
6. In the event of this Policy being cancelled by the Insured during its currency (whether stocks exists or not) the premium to be retained by the Company shall be the appropriate short period premium calculated on the average amount insured up to the date of cancelment, or 50% of the provisional premium whichever is the greater; but if the Policy is cancelled by the Insured after a loss has occurred the premium to be retained by the Company shall be the pro-rata proportion of the premium calculated on the average amount insured up to the cancelment plus the pro-rata proportion of the premium from the date of loss to the expiry of the period of insurance on the amount of the loss paid, or 50% of the provisional premium whichever is the greater.
